

## Welcome to the Neighborhood

Exquisitely set against the Berkshire foothills, Noble Horizons is unmatched in the tri-state region.

Whether you need respite care or more, we invite you to experience this unique community we hope you will call home. You will discover private rooms at no extra charge and a nursing team that offers a range of advanced clinical capabilities, including certification in blood draws and IV Therapy, which means you remain in the luxury and comfort of your room rather than traveling to the hospital for these services.

Noble Horizons boasts a network of home-like independent living options with the Cottages and Cobble, intermediate/short-term care at Wagner, and state-of-the-art skilled nursing care at Riga.

For those recuperating from surgery, an injury or illness, our well-regarded short-term residential rehab bridges the critical transition between hospital and home.

Because we believe that healing happens best in comfortable and relaxing surroundings, we offer spacious rooms with natural light and splendid views. Rehab guests benefit from 24-hour nursing care and as-needed therapy sessions to restore strength, balance, and flexibility so that they can resume their regular routines at home as quickly and safely as possible.

## Frequently Asked Questions

**What happens if my money runs out?** No one is ever asked to leave if funds are depleted. We accept CT Medicaid (all residents of Noble Horizons become CT residents) and provide referral information for Medicaid assistance programs.

**Who determines when someone should consider the next level of care?** Our Nurse Wellness Coordinator oversees the health and well-being of Cottage and Cobble residents and will call a family meeting to discuss concerns and reasons to consider a higher level of care. For residents living in Wagner and Riga, regularly scheduled care plan meetings with families provide an opportunity to discuss safety concerns or the need for a higher level of care.

**What about social activities?** Social opportunities are available every day of the week. At no charge, we offer live concerts, educational programs, art classes, and exhibits, several exercise and wellness series, speakers, and social get-togethers within Noble and in the community. In addition, there are excursions to local restaurants, stores, movies, theaters, and seasonal outings.

**Is there transportation provided for doctor appointments?** Through our wellness program, Cobble and Cottage residents are offered free transportation to doctor appointments and also enjoy weekly transportation for shopping, the bank, and other personal needs.

**Are pets allowed?** Yes, pets are welcome in our cottages. Noble is also home to several pets, and we frequently host certified canine therapy teams who visit Wagner, Riga, and the Cobble.

**Are emergency hospital transfer services available?** Yes. Sharon Hospital is the closest hospital, and we will swiftly transport you to Sharon ER for any emergency. You may be transferred to another hospital after evaluation.

**What are my dining options?** Meals are included on all levels of care and in the Cobble. Cottagers, for a nominal fee, may make reservations to enjoy meals in the Riga dining room, which boasts water views and vistas overlooking the Berkshire mountains. Meals may also be ordered for delivery to your cottage.

## We are here to help...

Navigating the health care system and/or transitioning to senior living care can be overwhelming. We want you to know that you are not alone! Our team at Noble Horizons is here to hold our hand and support you and your loved ones throughout the process.

For more information or to schedule a tour of our campus, please contact **Rae Etting**, Business Office Manager and Admissions Coordinator here at Noble.
